

## **Our Commitment:**

**Every Pupil Premium student will achieve, thrive and belong.**

**We will ensure:**

### **High-Quality Teaching**

Every PP student receives consistently excellent teaching that closes learning gaps and builds long-term knowledge. We use the teaching strands and embed staff CPD to ensure this happens in every classroom.

### **Belonging & Relationships**

Every PP student is known, noticed and valued. They will be supported by adults (teaching staff and support staff) who believe in them and help them feel part of our community.

### **Partnership with Families**

We communicate clearly, regularly and supportively with families so that students thrive both in school and at home.

### **Attendance & Readiness to Learn**

We remove practical barriers, support families, and ensure PP students attend regularly and are ready for learning.

### **Emotional Wellbeing & Support**

We provide safe spaces, pastoral support, mentoring and, where appropriate, SEMH interventions.

### **Opportunities & Enrichment**

We ensure PP students access trips, clubs, leadership roles and experiences that expand their horizons and develop aspirations.

### **Ambition & High Expectations**

We expect all PP students to achieve highly, contribute positively and have access to rich, challenging learning.

### **Targeted Intervention**

We deliver evidence-based, high-impact academic support that directly addresses gaps.
